NORTHERN FEDERATION

(FORMALLY YORKSHIRE and TYNE & WEAR FEDERATION'S)

The Northern Federation was created for the start of the 2009 Season, by the amalgamation of the highly successful Yorkshire and Tyne & Wear (North East) Federations.

Both the Yorkshire and Tyne & Wear Federations were long standing organisations whose anglers gained more than 100 England caps between them by representing England in Home International, European and World Championships.

The Amalgamation of the two Federations brought about the unique opportunity for resources to be focused on organising Fly Fishing Qualifying Competitions at specific venues within the Federations Area.

The Northern Federation is committed to expanding its fishing venues in 2010. The River Swale has been reviewed for the 2010 River Qualifier venue, and talks are underway with respect to another Stillwater venue.

The Northern Federation supports the CEFF in its National & International Championships. In 2008 & 2009 it hosted the River National Final on the River Tees at Middleton.

River Tees below Cow Green Reservoir

High Force

In 2010 it is hosting the River International also on the River Tees at Middleton.

The principles of the Federation are 2 Joint Chairman, Paul Page & Allan Jenkins assisted by Peter Godfrey, Stuart Wardle and Treasurer Andrew Short. The Federation acknowledges and thanks those others who give their time as and when required to make our events the successful.
